

“Don’t Pack’em, We already Got’em”

****WHISTLES** This is a great way to keep the kids close by. Give the kids one and keep one with an Adult. Kids can blow it if they need an Adult and you have one to call them back into the house!**

We try to keep this list updated, so if you think we need to add something or if you don’t see something in the house on this list, please advise us right away. We are always trying to improve on making your vacation as perfect and as enjoyable as we can!

TRASH DROP OFF LOCATIONS

It is very important that everyone takes extra care with their trash! Please be sure to tie/bundle your bags of trash to prevent animals getting into it and not only making a BIG mess, but they can get very sick and in some cases die.

Trash receptacles are provided for use and then you must take the trash to the dump site. Below are directions and a map of the nearest Big Bear Clean Site Trash Center. Big Bear Homeowners pay a trash service fee for drop off locations, please be sure to use them.

Our Property Site Manager will dispose of trash, however, there is an additional fee of \$25.00 per bag.
